[Chorus]

God bless the world, it s so glorious
God bless the ones we ve loved
God bless the ones we ve lost
God bless the world, it s so glorious
I will never die, never die like you

I felt his hand today, you cross my shoulders and I ll knee
down to pray
say after life s ok, but it got so lonely when you turned away
I saw his lie today, you cross my shoulders and I ll knee down
to pray
I feel like hell today, but it got so lonely when you turned
but it got so lonely when you turned away
It got so lonely when you turned away
