Piece of You - The Pierces

kaja.rose@gmail.com

I am updating this because I feel the capo 5 (or uke) version is much easier.

I m gonna close my eyes to change my vision
I m gonna have another drink so I can make a bad decision
And I want a piece of you tonight
I m gonna change my name so no one can find me
I m gonna lose my mind so no one can remind me
That I want a piece of you tonight
Yeah I want a piece of you tonight

What do you do when you know that it s wrong
When you try to hold up but you can t hold it for long
When you ve got, you got, you got that bad desire
It comes creeping in just like a disease
Can you come here, can you do what we please
Cause you know I want a piece of you tonight

I m gonna take my time so I can really feel it
And we can hide inside the darkness that conceals it
Cause I want a piece of you tonight
Yeah I want a piece of you tonight

What do you do when you want it so much

 You would do anything just to get that rush
 When you've got, you got, you got that bad desire
 It comes rollin' in, pulls you down like the ocean
 We could get lost inside a single motion
 And you know I want a piece of you tonight
