[Intro]

F C Dm Bb

[Verse 1]

F C Dm Bb F
I don t need to tell the truth, but I never lie,
C Dm Bb C
I don t need to battle you, you re just passing by.
F C Dm Bb F
I never wanted to be the one you bitch and moan and come home to
C Dm Bb C
But as long as you look good I ll come back to you.

[Verse 2]

F C Dm Bb F
Get inside my troubled mind with all of your dread,
C Dm Bb C
Sometimes I think I was blind the night before we met.
F C Dm Bb F
I never wanted to be the one that you depend on for your life,
C Dm Bb C
When you cry it smells like soup, it smells like soup tonight
Dm Bb C
And everything s alright.

[Chorus]

F C Dm Bb
(Stay out all night) I ve got a right each time I
F C Dm Bb
(Stay out all night) It s just the sight of you tonight that makes me
F C Dm Bb
(Stay out all night) And I just might, you make me
F C Dm Bb C
(Stay out all night) I m gonna stay out all night.

[Verse 3]

F C Dm Bb F
You re an evil little girl, I m a twisted man
C Dm Bb C
Tearing through your perfect world to make you understand
F C Dm Bb F
I never wanted to be the one you bitch and moan and come home to
C Dm Bb C
But as long as you look good I ll come back to you

Dm Bb C
And do the things you do.

[Chorus]

F C Dm Bb
(Stay out all night) I ve got a right each time I
F C Dm Bb
(Stay out all night) It s just the sight of you tonight that makes me
F C Dm Bb
(Stay out all night) And I just might, you make me
F C Dm Bb C
(Stay out all night) I m gonna stay out all night.
