Out All Night
The Pietasters
[Intro]
F C Dm Bb
[Verse 1]
                         Dm
                              Bb
I don t need to tell the truth, but I never lie,
                       Dm Bb
 I don t need to battle you, you re just passing by.
                         Dm
 I never wanted to be the one you bitch and moan and come home to
                        Dm Bb
 But as long as you look good I ll come back to you.
[Verse 2]
                           Вb
                        Dm
 Get inside my troubled mind with all of your dread,
                        Dm
                                 {\tt Bb}
 Sometimes I think I was blind the night before we met.
                         Dm
 I never wanted to be the one that you depend on for your life,
                           Dm
                                  Bb
 When you cry it smells like soup, it smells like soup tonight
 And everything s alright.
[Chorus]
                              Dm Bb
                   C
(Stay out all night) I ve got a right each time I
                                Dm
                                                Вb
(Stay out all night) It s just the sight of you tonight that makes me
                              Dm Bb
(Stay out all night) And I just might, you make me \,
                                         Bb
                            Dm
                                                        C
(Stay out all night) I m gonna stay out all night.
[Verse 3]
                       Dm
                           {\tt Bb}
 You re an evil little girl, I m a twisted man
 Tearing through your perfect world to make you understand
                         Dm
 I never wanted to be the one you bitch and moan and come home to
                        Dm Bb
```

But as long as you look good I ll come back to you
