I know you ve had good times
Em **C** **D**
And you thought what you love would last forever
G **Em**
But I can see that you re unhappy
C **D**
And it s getting you down
G **Em** **C** **D**
And that pretty face of yours looks bad wearing a frown

G **Em** **C** **D**
Look him in the face and tell him that you re leaving
G **Em** **C** **D**
It ll be too late if you leave it until to-mor-or-row
G **Em** **C** **D**
Oh, I know it s hard and he tore your soul apar-ar-rt
G **Em** **C**
But forgive him now and you ll forgive your heart for wasting any time

D **G**
Baby, just be yourself
D **G**
Baby, just be yourself

G **Em** **C** **D** **G**
We ve had this conversation too many times
Em **C** **D**
I see it every day, how much you compromise
G **Em** **C** **D**
It s so clear to everyone that he makes you blue
G **Em** **C** **D**
Look inside yourself, I know you know just what to do

G **Em** **C** **D**
Look him in the face and tell him that you re leaving
G **Em** **C** **D**
It ll be too late if you leave it until to-mor-or-row
G **Em** **C** **D**

Oh, I know it s hard and he tore your soul apar-ar-rt
