    F#          C#
I play a good game,
                 Ebm
But not good as you
                        Fm                      F#
I can be a little cold, but you can be so cruel
                   C#                  Ebm
I m not made of brick, I m not made of stone
              Fm
But I had you fooled enough
        F#
To take me on
               G#                     Bb
If love was a war, it s you who has won
                        B             F#     F#  Fm
While I was confessing it, you held your tongue
Ebm            G#
Now the damage is done...
```

(refrão)
```
          C#
Well there s blood in these veins
     G#
And I cry when in pain
        Fm              Bb
I m only human on the inside
G#   C#
And if looks can deceive
        G#
Make it hard to believe
          Fm          C#      F#
I m only human on the inside
```

I thought you d come through,
                      Ebm
I thought you d come clean
            Fm                              F#
You were the best thing I should never have seen
              G#                   Bb
But you go to extremes, you push me too far
                B                  F#    F#   Fm
Then you keep going  til you break my heart
Ebm              G#
Yeah, you break my heart

See I bleed and I bruise, oh, but what s it to you
         Fm            Bb
I m only human on the inside
G#   C#
And if looks could deceive,

I m only human on the inside

   C#                       G#
I crash and I burn, maybe some day you ll learn
         Fm            Bb
I m only human on the inside
G#   C#                      G#
I stumble and fall, baby, under it all
