(E A) (2x)

```
    A         E
I play a good game,
                F#m
But not good as you
                    G#m                      A
I can be a little cold, but you can be so cruel
                    E                   F#m
I m not made of brick, I m not made of stone
            G#m
But I had you fooled enough
          A
To take me on
              B                     C#
If love was a war, it s you who has won
                        D                 A    A G#m
While I was confessing it, you held your tongue
F#m              B
Now the damage is done...
```

(refrão)
```
            E
Well there s blood in these veins
      B
And I cry when in pain
        G#m              C#
I m only human on the inside
B   E
And if looks can deceive
        B
Make it hard to believe
        G#m            E       A
I m only human on the inside
```

(E A) (2x)

(parte 2)
```
                    E
```

```
I thought you d come through,
                        F#m
I thought you d come clean
           G#m                              A
You were the best thing I should never have seen
               B                   C#
But you go to extremes, you push me too far
                D                A    A  G#m
Then you keep going  til you break my heart
F#m             B
Yeah, you break my heart

(refrão)
       E                        B
See I bleed and I bruise, oh, but what s it to you
       G#m               C#
I m only human on the inside
B    E
And if looks could deceive,
           B
Make it hard to believe
         G#m            E
I m only human on the inside

   E                        B
I crash and I burn, maybe some day you ll learn
         G#m               C#
I m only human on the inside
B    E                    B
I stumble and fall, baby, under it all
         G#m            E
I m only human on the inside

(solo) E  B  G#m  C#  B  E  B  G#m  E  A

F#m             B
Now the damage is done...

Chorus:
            E
Well there s blood in these veins
       B
And I cry when in pain
         G#m                 C#
I m only human on the inside
B    E
And if looks can deceive
         B
Make it hard to believe
         G#m            E
I m only human on the inside

  E                        B                 G#m    C#
```

```
I crash and I burn, maybe some day you ll learn
B    E                      B
I stumble and fall, baby, under it all
         G#m            E      A
I m only human on the inside

( E  A ) (2x)
