Tuning: standard

I just want to say that this is one of my favorite songs off of Claudio s
soloing
album under the prize fighter inferno. It s just an overall great song and
although there were a few other tabs for this song, there were no actual chords
or
full lyrics so I decided to create one. The acuracy of the lyrics aren t my
doing,
I got them off a lyric website. :)

-Update: New chord change thanks to KBI2113
