Yah I know you re right

**D**

And I ll back you to a point pal

**C**

**G**

Another man s ideas now

I spent too long on this road  
Looking for the answers  
But Poverty and Failure  
Aren t what I m after  
I painted Fight on factories  
But they closed the factory down pal  
I got to find out where the Heart s gone  
Got to find out where the nerves gone

What do you do

**G**

When democracy fails you

**B C G**

**G**

When the rest can t see its true?

**B C C D**

Pat votes the Scots way  
Just like her mother

But South always takes all  
Just like her brother  
The next time she might vote  
So might the others  
But times running out pal  
Cause they re giving up in numbers

What do you do  
When Democracy s all through  
Ahhhh Ahh  
What do you do  
When minority means you?  
Ahhhh Ahh

INSTRUMENTAL

What do you do  
When Democracy s all through  
Ahhhhh  
What do you do  
When minority means you?

**B C C D**
