Get A Room
The Psychedelic Furs

Intro: **F#**   **Ebm**   **Bbm**

F#   **Ebm**   **Bbm**
Don't want order, it won't come
                                        F#
There's no why that it goes on
      Ebm   **Bbm**
I was tied and I'm undone
                                   B
I've got all that you don't want
          F#   **B**
You want order I want more
             F#   **B**
You want it all and all of it's yours
            F#   **C#**
You want shelter, I get a room

       F#   **Ebm**   **Bbm**
I get a room, my confusion leaves me cold
                          F#
I've got nothing here to hold
        Ebm   **Bbm**
All that's gold will never shine
                      B
It was nothing, never mind
        F#   **B**
I want time, I want it now
       F#   **B**
My confusion's getting me down
            F#   **C#**
You want shelter, I get a room

       F#   **Ebm**   **Bbm**
I get a room, what of yours is there to keep?
                         F#
To be there when you sleep
        Ebm   **Bbm**
I'm not here to tie your feet
                      B
Hold a hand upon your sleeve
          F#   **B**
There's a nail to hang the wall
         F#   **B**
It pays to lose it all
          F#   **C#**
A note to hide behind the door

```
          F#     Ebm    Bbm
I get a room

F#   Ebm   Bbm

B   F#   B   F#   B   F#   C#

F#               Ebm                Bbm
Where you sleep, I laid awake
                         F#
I saw every time you fake
        Ebm                 Bbm
I held on the hand that takes
                            B
And you hate it when I break
         F#               B
You want order, I want more
           F#                        B
You want it all and all of it's yours
          F#                 C#
You want shelter, I get a room
          F#     Ebm    Bbm
I get a room

F#   Ebm   Bbm

B   F#   B   F#   B   F#   C#

           F#
I get a room

END
```
