Candlelight & Wine - The Punters

Tabbed by: Heather D. (Me!)

Capo on 2nd Fret

Great song...by an awesome Newfoundland band that I love :)

Well I [G] meant to call you [B7] just before I [Em] left to go [C] away,  
But I [G] guess you knew that s [D] what I d say by [G] now; [D]  
There a [G] gain I m never [B7] sure when it s the [Em] proper time of [C] day,  
For we [G] never get [D] together [G] anyhow

It was [Em] really nice to watch the candle [C] through a glass of [G] wine,  
Dreaming [Am] dreams together [Em] when the quiet [C] nights were yours and [D]  
mine; [D7]

Just a [G] pair of fools wrapped [B7] up in soft lights [Em] dancing from the  
[C] fire,  
Till the [G] morning light would [D] whisper in the [G] sky.

I keep thinking that you [B7] saw me in the [Em] park the other [C] day,  
When I [G] have the time I [D] go back to where we [G] met; [D]  
When I m [G] on the road I [B7] see you in a [Em] crowd or by the [C] way,  
It s gonna [G] take some time [D] before I can [G] forget.

But it was [Em] really nice to watch the candle [C] through a glass of [G] wine,  
Dreaming [Am] dreams together [Em] when the quiet [C] nights were yours and [D]  
mine; [D7]

Just a [G] pair of fools wrapped [B7] up in soft lights [Em] dancing from the  
[C] fire.  
Till the [G] morning light would [D] whisper in the [G] sky.

There s a party for some [B7] friends we both know [Em] when I am back in [C]  
town,  
Do you [G] think that you could [D] get there for a [G] while? [D]  
Though we [G] were never meant to [B7] happen still it [Em] doesn t mean to [C]  
say,  
We can t [G] share a glass and [D] look back with a [G] smile.

But it was [Em] really nice to watch the candle [C] through a glass of [G] wine,  
Dreaming [Am] dreams together [Em] when the quiet [C] nights were yours and [D]  
mine; [D7]

Just a [G] pair of fools wrapped [B7] up in soft lights [Em] dancing from the  
[C] fire  
Till the [G] morning light would [D] whisper in the [G] sky. (repeat once)
