As much as she d like to believe she s leading a brand new way

That uniform that she wears, I see it on the street every day

She looks heavenward and struggles to find the right cliché

You ve got to find your own space ... Have a nice day

G **Am**
She s so young, she s got the answer
Bm **C** **D** **Em** **Bm** **Am** **Dsus4**
She doesn t need to question herself like I do, like I do

C **Cmaj7** **Bm7** **Em**
Like the wisdom of ages will flow from her tongue
C **Csus2** **D** **Dsus4**
This is the delusion of the young

She says she ll lead with her heart but her heart really doesn t know at all

I ll get no satisfaction out of seeing her fall
