      G                      D                      Am
The fire caught us burning with desire to get out in the open
      G                      D
My daddy had a camera and he caught a few moments to
Am
show them
      G                      D                      Am
The fire took us higher We were hoping to expire when you came in
      Em
With water
      G                      D                      Am
We were only kids when we first laid eyes on eachother
      G                      D
Everything was great but you should have warned me about
      Am
your father
      G
At first he took the crap
      D                      Am
But I soon learned not to even bother
      Em
With your father

G **D**

Now that you re away I m jerking off every day to your

Am
memory

G **D**

You finding someone else was a real blow

Am

Who will defend me?

G **D**

I m drinking every day but try to behave the same way I did

Am
before

Em

But it s hard
It s oh so hard
