Horsefly
The Raging Nathans

[Verse]

```
A                                    F#      C# G#
How s it feel to know you ll be alone again?
A                 F# C# G#
You re settling for less
A                                    F#         C# G#
And how s it feel to know I ll never be your friend?
A                       F# C# G#
Always giving your second best
```

[Pre-chorus]

```
A
Time to let it go, admit it s over
              F# C# G#
And quit holding on
A
Take a few steps back, admit when you re wrong
              F# C# G#
And quit holding on
```

[Chorus]

```
E
I ve got your number
D             A
You won t get one over on me
E             D      A
I m gonna teach you some responsibility
E             D         A
You don t know me, you don t know yourself
     E                        C#
You re not in a position to judge anybody else
         D
I won t be nice, I don t respect, I want to know
```

[Verse]

```
A                                    F#      C# G#
How s it feel to know you ll be alone again?
A                 F# C# G#
You re settling for less
A                                 F#         C# G#
And how s it feel to know I ll never be your friend?
```

```
A                              F# C# G#
Always giving your second best

[Pre-chorus]

A
Time to let it go, admit it s over
                    F# C# G#
And quit holding on
A
Take a few steps back, admit when you re wrong
                    F# C# G#
And quit holding on

[Chorus]

E
I ve got your number
D                    A
You won t get one over on me
E                    D        A
I m gonna teach you some accountibility
E                    D            A
You don t know me, you don t know yourself
      E                          C#        D
You re not in a position to judge anybody else
            C#            D            C#
I won t be nice, I don t respect, I want to know
          D              A
Why d you abandon your own show?
              C#            D
You won t be sucking any blood from me
    C#          D
Or getting any pass for free
    C#          D              A
A fucking parasite, a leech, a bug

[Outro]

      C#              D              A
You re little like a tick, an ant or flea
        C#                D              A
You re small just like a tick, an ant or flea
        C#              D        A
You re just a fucking insect to me
```
