[Intro]

[Verse]

C Am F G
Mama Iâ€™ve been driving a dark and icy road
C Am F G
The air is full of snowflakes and the cab is full of cold
C Am
Thereâ€™s cardboard in my window
F G
And nothing in my head
C Cmaj7/B Am G F G
I want to lay down, down, down, down in my own bed

[Verse]

C Am F G
Mama Iâ€™ve been traveling from town to border town
C Am
Trains and boats and lost my coat
F G
And laid my passport down
C Am F G
I met a girl in Michigan, someday was all she said
C Cmaj7/B Am G F G
I want to lay down, down, down, down in my own bed

[Bridge]

F G
Now I am not a praying man
C Cmaj7/B Am
But I stopped into a church
F G C Cmaj7/B Am
I got down on my knees and I began to search
F G C Cmaj7/B Am
For some kind of compass, a signpost going forth
F G F G
But the only sign I saw was a highway headed north

[Verse]

C Am F G
Mama Iâ€™ve been sliding, itâ€™s freezing on the bridge
C Am

There's frost on every window

F G

And a coyote on the ridge

C Am F G

I'm pulling off in Albertville to try and clear my head

C Cmaj7/B Am G F G

I want to lay down, down, down, down in my own bed

C Cmaj7/B Am G F G

I want to lay down, down, down, down in my own bed

F G

Down in my own bed

F G

(repeat and fade)
