THE RASMUS - END OF THE STORY (2012)

Hi, this is my first tab, it sounds right to me  
Here it goes:

**D** **F#m**  
Oooh - at the end of the story

**Bm G A**  
The boy goes down in flames

**D F#m**  
Oh why - why should I worry?

**Bm G A**  
cause I know I can change

**G**  
It s like a bad dream  
I see you in her eyes

**F#m**  
Every time we touch a bit of me dies

**Bm**  
I know it s all wrong

**F#m**  
How did I become so mean?

**G**  
Middle of the night you come into my room  
You get into my head

**F#m**  
You crawl into my bed

**Bm**  
She s lying there asleep  
So innocent and sweet

**A**  
I know it s all wrong

**G**  
So why do I do what I do?

**A**  
I never meant to be cruel

**Bm A**  
How do I start a new dawn without you?

**G**  
I wanna hear a new sound

**A**  
I wanna play a new round

**D F#m**

Oooh - at the end of the story

**Bm G A**

The boy goes down in flames

**G**

You ve taken over me

I want you but I plead

**F#m**

Guilty for the fact she s caught up in between

**Bm**

Reality, the dream, the truth, the lie

**F#m**

The good and obscene

**G**

But the shame aims at me like a gun

**F#m**

I wish I could escape but there s nowhere to run

**Bm**

And all these bitter lies

They can never be undone

**A**

Can t look in the eyes

**G**

And I ll do anything to be there

**A**

I want you out of my head

**D**
