F **G**
Say you'll stay

C **D**

Before you go

C **D**
There is something that you need to let me know

F **G**
Before you leave

C **D**

E
Be honest please

G E
I'm waiting on my knees

Will you stand by me finally
the day when we grow old
Would you fall asleep right next to me
when my hands are cold

I'm a mess
But at least I know how
I can make you shine like no one else
Such a mess
But at least I've always been myself
without no magic spells
