# Dead Sound

### The Raveonettes

```
This is my first tab, so go easy. Solos not included.
I could never find the chords for this and saw a comment on one of their videos
on YouTube with the chords but they sounded wrong, so I got the base for this
from that with some alterations....
Can t figure out the solos or anything (I ve been playing 4 months)
Enjoy :)
В
   I hear the sound of falling love
           Е
                         G#m
   As I wonder where you are
В
  Hits the ground with a dead sound
                      G#m
   Know you ain t got far
F#
   You re too stupid and sissy-like
       Е
   To say that you want out
```

Your cheap words that you brought on sale

Е

Won t help you through tonight

You make the eyes of a million girls

Dead sound, dead sound

B F# E

Dead sound, dead sound

В

And now you go through a million girls

E G#m

When nightfall comes and you re still alone

E G#m

Do you feel it deep inside

It s oh so cold on the other side

Where thoughts can turn you down
