Verse 1

Take me off to times I think I used to like  
Leave me by the railroad tracks tonight  
Everytime I stare right out the broken glass  
I feel like going home to someplace else

Chorus

Take me off to times I think I used to like  
Leave me by the railroad tracks tonight

Verse 2

It feels so good to stay a while and think of you  
I think we re off to times we used to know

[guitar alone]

Chorus

Take me off to times I think I used to like  
Leave me by the railroad tracks tonight

Verse 2 again.
