Dm   **Gm**
   Don t know what I m thinking,
         Bb   **Am**
But I can tell that something s different tonight
Dm   **Gm**
   These moments I can t talk about,
       Bb   **Am**
But I recall the joy I felt with such delight

Gm   **Am Bb**   **F**
   I know that my heart s been here before,
     F   **Gm**
But my mind could never find the words to say
         Am Bb   **F**
How feeling so small yet so adored,
           Bb
It takes me away

(refrão)
Dm   **Gm**   **Bb**   **Am** (**A**)
   And I don t believe that I could let it go, let it go
Dm   **Gm**   **Bb**   **Am** (**A**)
   I can t believe that I would let it go, let it go

(solo saxofone)
Dm Gm Bb Am A

Dm   **Gm**
   How weary had my heart become
       Bb   **Am**
How far-gone had my perception lost its sight
Dm   **Gm**
   As bleak as I could see my life
     Bb   **Am**
Simply worthless, yet pursued with endless strife

Gm   **Am Bb**   **F**
   I know that my heart s been here before,
     F   **Gm**
But my mind could never find the words to say
           Am Bb   **F**

By something we can t explain
         Dm        C        Bb
Like a whisper in our ear

That just wants for us to hear

A word of grace
