The life I d be living if I hadn t found

Someone to hold me the way that you do
F# D#m E F#
Someone who needs me the way I need you
F# D#m E F#
Someone to show me a way that is true

Someone to love me the way that I love you

When there was no one left for me to turn to
When all the world I knew was falling down
Oh there were times I couldn t face the morning
But everythings changed since the day that I found

[Chorus]

Someone to hold me the way that you do
Someone who needs me the way I need you
Someone to show me a way that is ture
Someone to love me the way that I love you
