It s Time To Come Home - The Rentals  
It s Time To Come Home (2009)

**D#**

What a strange day

**Cm**

Put your head out the doorway

**Ab**

into the streets where the kids play

**D#**

a game you used to know

**D#**

As the day sets,

**Cm**

into the sky bottled rockets

**Ab**

Mothers are calling

**D#**

it s time to come home

**D#**

Oh

**Cm**

Oh

**Ab**

Oh

**D#**

It s time to come home

**D#**

Now it s nightfall

**Cm**

You ve got plans for nothing at all

**Ab**

but who knows who might call

**D#**

but then where would you go?

**D#**

Go into the nightlight,

**Cm**

into the dim lights

**Ab**

Look for someone who will tell you

**D#**

to come on home

**D#**

Oh

**Cm**

Oh

**Ab**

Oh

**D#**

It s time to come home

**D#**

What a strange time

**Cm**

as you flip on your house lights

**Ab**

and you realise

**D#**

there is no one at home
