Now something meets boy
And something meets girl
They both are the same
They re overjoyed in this world
Same hair a revolution
Unisex evolution
Tomorrow who s gonna fuss
And tonight Dick is wearin pants
Tonight Jane is wearin a dress
Future outcasts
They don t last
And today the people just wear as they please
They way they tried to do it in the last centuries
And they love each other so
Androgynous
Closer than you know
Love each other so
Androgynous
