MY HEART WITH YOU

Em **Bm**
Waited a hundred years to see your face
Em **Bm**
and I would wait a hundred more,
Am
if only to be near you,
G
to have you and to hear you.
F
Isn't that what time is for?

Em **Bm**
I sailed a thousand ships in search of you,
Em **Bm**
traveled to distant lands.
Am
I dove for sunken gold,
G
I took what I could hold, but you're
F
still the greatest treasure I've held in my hands.

C **E** **Am** **F**
My love, the reason I survive,
C **G** **Am** **F**
trust we'll be together soon.
C **E** **Am** **F**
Should our fire turn to dark,
Am **F(m)** **C**
take my heart with you.

Em **Bm**
A tattered photograph my pocket holds,
Em **Bm**
I keep you secretly.
Am
I've studied every line.
G
You're etched upon my mind,
F
for not a million soldiers could take you from me.

C E Am F
 My love, the reason I survive,
C G Am F
 trust we ll be together soon.
C E Am F
 Should our fire turn to dark,
Am F(m) C D#(m)
 take my heart with you.
