

Keep Going
The Revivalists

Gm **F**
Said, I m pulling down the shades for the long ride
Am **Gm**
I never knew that I could feel so black and blue
Gm **F**
I ve been holding onto something now for sometime
Am **Gm**
All I know is it s a feeling fit for two

Gm **F**
Cuz when the sunlight laid its head down on this dog night
Am **Gm**
And I was talking to myself in the rear view
Gm **F**
Yeah I ve got questions but I know everything is alright
Am **Gm**
All I have to do is just remember you

F
Cuz I m never gonna lose you
Gm
I ve got you deep inside my chest
Bb **F**
And I can feel you beating like the soul of a drummer boy

F
We ve gotta keep going, keep going
Gm
Keep going, keep going
Bb
Don t care what anybody say
F
Let the law take us away
F
We ve gotta keep going, keep going
Gm
Keep going, keep going
Bb
Don t care what anybody say
F
Nah nah nah nah

(**Gm** **F** **Am** **Gm**)

Gm **F**
I ve been fake and I ve been free, I ve been you and I ve been me
Am **Gm**

But now I stand up tall for what I believe

Gm

F

Against all odds I walked that trail of fear, And tread on desperate leaves

Am

Gm

Bb

But no one's leaving just yet, We all want that make believe

F

Tried and true tribulations

Gm

Of who I've come to be

Bb

F

The less I know the more I learn, How much love means to me

F

Every day I'm walking out the front door

Gm

Leaning on your ghost

Bb

F

The best feeling of the day is one that I lean toward most

F

We've gotta keep going, keep going

Gm

Keep going, keep going

Bb

Don't care what anybody say

F

Let the law take us away

F

We've gotta keep going, keep going

Gm

Keep going, keep going

Bb

Don't care what anybody say

F

Nah nah nah nah
