

Never Knew

The Rocket Summer

Am C G

I just ran into a few someone s today

Am C G

Someone s that I never really knew

Am C G D

And I used to think how I had them all so figured out

C G Em D

But no, none of it s true cause I never knew you

C G Em D

and now the truth of it is, is I wanna be like you

C G Em G

So hello, good friend, I wanna be next to you

C G D

For my head, for my heart, for what s true

Am C Em G

So I m burning the thoughts of the things that I once said

Am C Em G D

Because you tore down the walls that the world has put inside my head

Am C Em G D

And I just get sick of the things that we think, we think we know

C G Em D

But no, none of it s true cause I never knew you

C G Em D

and now the truth of it is, is I wanna be like you

C G Em G

So hello, good friend, I wanna be next to you

C G D

For my head, for my heart, for what s true

Em G C D

So take me and save me and change me and then make me

Em G C

And embrace me and then brave my heart for you

Em G

No, no, cause I can t go on without you

C D

And it s time for something new oh oh

C G Em D

But no, none of it s true cause I never knew you

C G Em D

and now the truth of it is, is I wanna be like you

C G Em G

So hello, good friend, I wanna be next to you

C G D  
For my head, for my heart, for what s true

Am G  
And as they strolled along

Em  
My heart broke out in song

C Am  
From all the things and the thoughts and assumptions that I had wrong

Em G  
So now I ll be on my way to make this claim

C  
I ll make it famous in every way

Am D  
I ll make it stay when I will say that...

C G Em D  
But no, none of it s true cause I never knew you

C G Em D  
and now the truth of it is, is I wanna be like you

C G Em G  
So hello, good friend, I wanna be next to you

C G D  
For my head, for my heart, for what s true

C G Em D  
Oh, oh no, none of it s true cause I never knew you

C G Em D  
and now the truth of it is, is I wanna be like you

C G Em G  
So hello, good friend, I wanna be next to you

C G D  
For my head, for my heart, for what s true

C G Em D  
Oh, oh no, none of it s true cause I never knew you

C G Em D  
and now the truth of it is, is I wanna be , wanna be like you

C G Em G  
So hello, good friend, I wanna be next to you

C G D  
For my head, for my heart, for what s true
