```
All The Way Down
The Rolling Stones
(verso)
      I was twenty one naive
                                    C#
      Not cynical, I try to please
       F#
      Her wit, her speech, her repartee
      Impressed me almost instantly
(refrão)
                В
      She went all the way
                    C#
      All the way down
                В
      She went all the way, all the way
(verso)
      F#
      She showed me sex a hundred ways
      And how she pimped and how she paid
      And all the daughters, all the sons
                                       C#
      All were welcome, all would come
(refrão)
      We went all the way
      All the way down
      We went all the way, all the way
(verso)
      I was King, Mr. Cool
      Just a snobby little fool
      (Like kids are now)
      I dreamed of reaching greater heights
      I raved about it every night
      Talk is cheap
(refrão)
                в
      She went all the way, all the way
                   C#
      All the way down, yeah
```

В

```
She went all the way
     All the way, all the way
                                C#
     All the way, all the way down
              F#
                            C#
     She s there when I close my eyes
                     C#
                              F#
                                           C#
     There when I close my eyes
                            C#
     She s there when I close my eyes
                     C#
                              F#
                                          C#
     There when I close my eyes
(verso)
     How the years they rush on by
     Birthdays, kids and suicides
     Still I play the fool and strut
     Still you re a slut
(refrão)
                          в
     Hey girl, she went all the way
     All the way, all the way
                   C#
     All the way down
                В
     She went all the way
     All the way, all the way
                    C#
     All the way down
                В
     She went all the way
     All the way, all the way
                   F#
     All the way down
(instrumental 3x)
    C#
         F#
(verso)
     You give me back that time right now
     I can see it if I close my eyes
     Was every minute just a waste?
     Was every hour a foolish chase?
      I don t believe it
(refrão)
     She went all the way
     All the way down
     She went all the way
     All the way down
```

She went all the way

F#

All the way down
She went all the way
All the way, all the way
All the way down
