So now that she is gone
You won t be sad for long
                          G/B
                C
For maybe just an hour or just a moment
      G
Of the day
Then blue turns to grey
And try as you may
You just don t feel good
You don t feel alright
And you know that you must find her, find her, find her
You think you ll have a ball
And you won t care at all
                     C
                            G/B
You ll find another girl or maybe more
To pass the time away
Then blue turns to grey
And try as you may
You just don t feel good
You just don t feel alright
And you know that you must find her, find her, find her
She s not home when you call
So you can go to all
                    C
The places where she used to go
     Am
         F
But she has gone away
Then blue turns to grey
```
