

Child Of The Moon
The Rolling Stones

D **G** **D**
The wind blows rain into my face

G **D**
The sun glows at the end of the highway

A **G**
Child of the moon, rub your rainy eyes

A
Oh, child of the moon

G **F#m** **A7** **D**
Give me a wide-awake crescent-shaped smile...

G **D**
She shivers, by the light she is hidden

G **D**
She flickers like a lamp lady vision

A **G**
Child of the moon, rub your rainy eyes

A
Child of the moon

G **F#m** **A7** **D**
Give me a wide-awake crescent-shaped smile...

G **D**
The first car on the foggy road riding

G **D**
The last star for my lady is pining

A **G**
Oh, child of the moon, bid the sun arise

A
Oh, child of the moon

G **F#m** **G** **F#m**
Give me a misty day, pearly gray, silver, silky faced

G **F#m** **A7** **D**
Wide-awake crescent-shaped smile...
