

Child Of The Moon
The Rolling Stones

D G D
The wind blows rain into my face

G D
The sun glows at the end of the highway

A G
Child of the moon, rub your rainy eyes

A
Oh, child of the moon

G F#m A7 D
Give me a wide-awake crescent-shaped smile...

G D
She shivers, by the light she is hidden

G D
She flickers like a lamp lady vision

A G
Child of the moon, rub your rainy eyes

A
Child of the moon

G F#m A7 D
Give me a wide-awake crescent-shaped smile...

G D
The first car on the foggy road riding

G D
The last star for my lady is pining

A G
Oh, child of the moon, bid the sun arise

A
Oh, child of the moon

G F#m G F#m
Give me a misty day, pearly gray, silver, silky faced

G F#m A7 D
Wide-awake crescent-shaped smile...
