

Child Of The Moon
The Rolling Stones

Eb G# Eb
The wind blows rain into my face

G# Eb
The sun glows at the end of the highway

Bb G#
Child of the moon, rub your rainy eyes

Bb
Oh, child of the moon

G# Gm Bb7 Eb
Give me a wide-awake crescent-shaped smile...

G# Eb
She shivers, by the light she is hidden

G# Eb
She flickers like a lamp lady vision

Bb G#
Child of the moon, rub your rainy eyes

Bb
Child of the moon

G# Gm Bb7 Eb
Give me a wide-awake crescent-shaped smile...

G# Eb
The first car on the foggy road riding

G# Eb
The last star for my lady is pining

Bb G#
Oh, child of the moon, bid the sun arise

Bb
Oh, child of the moon

G# Gm G# Gm
Give me a misty day, pearly gray, silver, silky faced

G# Gm Bb7 Eb
Wide-awake crescent-shaped smile...
