

Child Of The Moon  
The Rolling Stones

**C# F# C#**  
The wind blows rain into my face

**F# C#**  
The sun glows at the end of the highway

**G# F#**  
Child of the moon, rub your rainy eyes

**G#**  
Oh, child of the moon

**F# Fm G#7 C#**  
Give me a wide-awake crescent-shaped smile...

**F# C#**  
She shivers, by the light she is hidden

**F# C#**  
She flickers like a lamp lady vision

**G# F#**  
Child of the moon, rub your rainy eyes

**G#**  
Child of the moon

**F# Fm G#7 C#**  
Give me a wide-awake crescent-shaped smile...

**F# C#**  
The first car on the foggy road riding

**F# C#**  
The last star for my lady is pining

**G# F#**  
Oh, child of the moon, bid the sun arise

**G#**  
Oh, child of the moon

**F# Fm F# Fm**  
Give me a misty day, pearly gray, silver, silky faced

**F# Fm G#7 C#**  
Wide-awake crescent-shaped smile...
