

Child Of The Moon
The Rolling Stones

E A E
The wind blows rain into my face

A E
The sun glows at the end of the highway

B A
Child of the moon, rub your rainy eyes

B
Oh, child of the moon

A G#m B7 E
Give me a wide-awake crescent-shaped smile...

A E
She shivers, by the light she is hidden

A E
She flickers like a lamp lady vision

B A
Child of the moon, rub your rainy eyes

B
Child of the moon

A G#m B7 E
Give me a wide-awake crescent-shaped smile...

A E
The first car on the foggy road riding

A E
The last star for my lady is pining

B A
Oh, child of the moon, bid the sun arise

B
Oh, child of the moon

A G#m A G#m
Give me a misty day, pearly gray, silver, silky faced

A G#m B7 E
Wide-awake crescent-shaped smile...
