High And Dry The Rolling Stones

```
Bb
High and dry well, I m up here with no warning
                     Вb
High and dry well, I couldn t get a word in
                 Gm7
High and dry oh, what a way to go
She left me standing here just high and dry
A minute I was up there standing by her side
                                 Вb
The next I was down there, well, left out of the ride and
                 Gm7
High and dry oh, what a way to go
She left me standing here just high and dry
                        Вb
Anything I wished for I only had to ask her
I think she found out it was money I was after
                 Gm7
High and dry oh, what a weird letdown
She left me standing here just high and dry
                              Bb
It s lucky that I didn t have any love towards her
                                  Bb
Next time I ll make sure that the girl will be much poorer
                 Gm7
High and dry oh, what a way to go
She left me standing here just high and dry
                       Вb
High and dry well, I m up here with no warning
                     Bb
High and dry well, I couldn t get a word in
                 Gm7
High and dry oh, what a way to go
She left me standing here just high and dry
Well, she left me standing here just high and dry
Well, she left me standing here just high and dry
