Laugh, I Nearly Died
The Rolling Stones

(**Cm G#**)(2x)

```
          Cm                            G#
I ve been travelling, but I don t know where
          Cm                               G#
I ve been missing you, but you just don t care
             Cm                            G#
And I ve been wandering, I ve seen Greece and Rome
             Cm                  G#
Lost in the wilderness, so far from home
```

Yeah, yeah

(**Cm G#**)

```
             Cm                       G#
I ve been to Africa, looking for my soul
               Cm                     G#
And I feel like an actor, looking for a role
             Cm                        G#
I ve been in Arabia, I ve seen a million stars
                 Cm                  G#
Been sipping champagne, on the boulevards - yes
```

(**Fm G#**)

```
                 Cm     Fm G#
I m so sick and tired
                   Cm     Fm G#
Trying to turn the tide,    yeah
                    Cm     Fm G#
So I ll say my goodbye
```

Laugh, laugh
```
           Cm    G#
I nearly died
```

```
               Cm                          G#
I ve been down to India, but it froze my bones
                  Cm                  G#
I m living for the city, but I m all alone
           Cm                         G#
I ve been travelling, but I don t know where
             Cm                       G#
I ve been wandering, but I just don t care
```

Fm G#

```
               Cm   Fm G#
I hate to be denied
                    Cm    Fm G#
How you hurt my pride

               Cm   Fm G#
I feel pushed aside

But laugh, laugh, laugh
          Cm   G#
I nearly died

Cm
Been travelling far and wide,
Fm
wondering who s going to be my guide
Cm
Been travelling far and wide,
Fm
wondering who s going to be my guide

              Cm                        G#
Living in a fantasy, but it s way too far
                    Cm                    G#
But this kind of loneliness, is way too hard
          Cm                   G#
I ve been wandering, feeling all alone
             Cm                    G#
I lost my direction, and I lost my home...well

Fm G#

               Cm    Fm G#
I m so sick and tired
              Cm    Fm G#
Now I m on the side
             Cm    Fm G#
Feeling so despised

When you laugh, laugh
          Cm   G#
I almost died

Cm
Been travelling far and wide,
Fm
wondering who s going to be my guide
Cm
Been travelling far and wide,
Fm
wondering who s going to be my guide . . .
