

Waiting On A Friend
The Rolling Stones

B E B E ;(intro; repeat to taste)

(don t forget to play only the **B** bass note)

(for the first beat of the first/third meas.)

G#m E F# B

Watchin girls go passing by It ain t the latest thing

F# B

I m just standin in a doorway

F# B

I m just trying to make some sense

\$

G#m E F# B

1. Out of these girls passing by, the tales they tell of men

F# B

I m not waiting on a lady

F# B (return to \$ for second verse)

I m just waiting on a friend

2. A smile relieves a heart that grieves,

remember what I said.

I m not waiting on a lady,

I m just waiting on a friend.

(after second verse, this bridge:)

B **E** **B**

... on a friend I m just waiting on a friend

E **B** **E** **B**

just waiting on a friend. I m just waiting on a friend,

E **B** **E** **B**

I m just waiting on a friend, just waiting on a friend

(instrumental for 16 bars, just alternating **E** and **B**, one measure each, and soloing away, then return to \$ for the last two verses)

3. Don t need a whore, don t need now booze,

don t need a virgin priest.

But I need some one I can cry to,

I need someone to protect.

4. Ooh, making love and breaking hearts,

It is a game for youth.

But I m not waiting on a lady,

I m just waiting on a friend.

(repeat bridge, fade instrumental...)

This song is excellent fun to play... hope the notation is not too cryptic.

Don t forget to emphasize the C bass note in the intro and bridge...

Here s another hint to help you get that strummed melody at the beginning:

G-----0-0-0-0---2--2---
D-----2-2-2-2---3--3---

The first two chords are the **Bsus2** and a **C#m** that sneaks in
for one strum before the F.

Hope this helps.

I don't know the whole song, but I know some bits. Here's the opening:

Badd9 E

```
--0-0-0-0--1-----1-----  
--3-3-3-3--1-----1-----  
--0-0-0-0--2-----2-----  
--2-2-2-2--3--x--3--3-----  
--3-3-3-3-----2-3-  
-----
```

8 times

(I haven't figured out the verse yet)

This part is in the bridge, after I'm just standing in a doorway, and after I'm just trying to make some sense:

Badd9 B

```
--0-0-0---0-  
--3-3-3---1-  
--0-0-0---0-  
--2-2-2---2-  
--3-3-3---3-
```

I hope this is a good start. I play along with the tape, and it sounds accurate.....maybe with a couple transfusions I could figure out the rest :)
