Love is a chain store

I'm getting out

Not making my bed

I took the price tag off my head

Took the price tag off my head

Time to relocate

And when I'm deep in the black

I will buy this country back

I will buy this country back

I wouldn't be caught dead in love

I wouldn't be caught dead in love

~Cause love is a chain

Love is a chain

Love is a chain

Love is a chain

Love is a chain store

Love is a chain store

Lonely are the mom and pop
