D C G D

Sheâ€™s still playinâ€™ in my head
Velveteen sheâ€™s not so dead
Hanginâ€™ off my bedroom wall
She played those games for far too long
She loved those rock stars one by one
She gave them all she had to give
She saw them fall onto the floor
They left her there to weep some more

Velveteen, her heartâ€™s so strong
Velveteen they love so long
Sheâ€™s sure to live and die that way
But not until sheâ€™s played her games
A long-lost hot night in the sky
Around the world by night sheâ€™ll fly
A rock starâ€™s death she does not mind
A lonely life is what you need tonight

Ooh ooh ooh ooh &c.

Velveteen her love has gone
Her long-lost loves, they too have gone
The end of life is drawing near
She wonâ€™t just sit back and disappear

Sheâ€™s livinâ€™ out her life thatâ€™s flown
Sheâ€™s givinâ€™ it all sheâ€™s got thatâ€™s gold
Sheâ€™s telling all how she survived
A rock starâ€™s death is what she needs to lie
To die
To cry
To fly

Ooh ooh ooh ooh &c.

Velveteen her heartâ€™s so strong
Velveteen her loveâ€™s so long
A rock starâ€™s death she does not mind

A lonely life is what you need
Cry
