With my candy and my soda pop

Dancin was trouble thinkin bout it now
I had no girl friend to show me how
I was too young to date too old to wait
It s kinda sad I was born too late

But like I said I learnt a lot since then
And I can really do it now
it s back again I can do the jive
I can do the stroll
It s just another name for rock n roll

Yeah I can do it
I can do it I can really move
From my head right down to my blue suede shoes
I can really make the groove
I can do it I can do it
I can really move
