Talk About Love
The Scene Aesthetic

I ve taken the tabs from edibleunicorns@gmail.com (which were perfect) and applied it to
the chords and lyrics.

Remember, half step down tuning

Chords:
```
    E5   E5/B   Asus2* C#m7 Asus2 Bsus2 C#sus2
e|--0----0-----0------0----0-----0------0--------------|
B|--0----0-----0------0----0-----0------0--------------|
G|--9----9-----9------9----2-----4------6--------------|
D|--9----9-----9------9----2-----4------6--------------|
A|--7----x-----0------x----0-----2------2--------------|
E|-------7-----------9---------------------------------|
```

Additionally, in the second E5/B in each verse you can drop the 9 to an 8 on the G
string half way through your strumming to sound more like the song.

Verse 1:

```
            E5
```
You mean so much to me,
E5/B
And I can t explain,
Asus2*   **E5/B**
This death grip that you ve got me in,
     E5   **E5/B**
And I know you re struggling,
           Asus2*   **E5/B**
But it ll be fine.

      E5   **E5/B**
And I find it easier to sleep,
       Asus2*   **E5/B**
When I know you re laying next to me,
   E5   **E5/B**
So being about your warmth,
           Asus2*   **E5/B**
It calms my mind.

Pre-chorus:

A   **B**
Don t you understand,

```
       Asus2      C#m7         E5/B
What it takes to be your friend?
                     A
I wish you could see,
                       B
What you re doing to me.

                              (Quickly) C#sus2 Bsus2 Asus2

And I love how you are never wrong,
        E5                E5/B
But you never show your strengths,
          Asus2*               E5/B
You re too scared of what they ll think.

E5                       E5/B
Listen up, I m gonna tell you what I m gonna do,
Asus2*                        E5/B
You re kinda nervous and you think they ve got it up for you,
E5          E5/B
Pack your bags, let s run away,
