

The last time
The Script

Intro:

Why s it so hard to look me in the eye?
Playing with that cross that s on your chain
I know you only ever bite your lip
When it s something you re afraid to say

Is this the last time that I lay my eyes upon you?
Is this the last time that I ever watch you leave?
This is the last thing I would have done to ya
This is the last thing that I thought you d do to me

We said that it would last, but how come it s the last time?
I m tryna hold your hand but feeling like my hand s tied
You said we d be forever, now you never ever be mine (Oh-oh-oh)
You said that it would last, but how come it s the last time?

You practiced leaving many times before
But I guess you get it right today
Leaving that ring I gave you in the drawer
But you re taking every single part of me

Is this the last time that I lay my eyes upon you?
Is this the last time that I ever watch you leave?
