

Walk Away
The Script

The Script ft B.o.B - Walk Away (Remix) Lyrics
[The Script]

I donâ€™t know why sheâ€™s with me **E**
C#m
I only brought her trouble since the day she met me
G#m
if I was her, by now, I wouldâ€™ve left me
F#
I wouldâ€™ve walked away but now Iâ€™ve broken away
E
Somehow instead she forgave me
C#m
She said a womanâ€™s gotta do what she gotta do
G#m
even if it means her denied herself the truth
F#
Cause when youâ€™re n too deep you wake up itâ€™s too late
E
youâ€™ve fallen in love in the worst way
C#m
and if you donâ€™t go now, then youâ€™ll stay
E
Cause Iâ€™ll never let you leave never let you breathe
F#
Cause if you looking for heaven baby it sure as hell ainâ€™t me

[B.o.B]
G#m **E**
so if you walk, then I suggest you walk
F# **B/D#**
why are we up this hour knocking pictures off the wall?
G#m **E**
Tell me what does that resolve? I guess itâ€™s my fault
F# **B/D#**
the truth is never easy when you gotta get it off
G#m **E**
And girl Iâ€™m so exhausted. Yes, all this makes me nauseous
F# **B/D#**
This is just the way I that am, you cannot alter it
G#m **E**
Iâ€™m sorry that I couldnâ€™t be your fantasy
F#
If this ainâ€™t what you wanted you should leave

[The Script]

G#m **E** **F#**
But still she stays (walk away, walk awayyy)
B (Let it ring)
But still she stays **E**
She's standing in the heart of darkness **C#m**
saying I know you got a soul even though you're heartless **G#m**
how could any woman in her right mind be so blind, **F#**
E
To find something this safe Instead of walking to me she should've (walked
away)
E
She finds color in the darkest places **C#m**
she finds beauty in the saddest of places **E**
She's such a cute (?), head strong city girl **F#**
Could've had the world **E**
But you've fallen in love in the worst way **C#m**
and if you don't go now, then you'll stay **E**
Cause I'll never let you leave never let you breathe **F#**
Cause if you're looking for heaven baby it sure as hell ain't me

[B.o.B]

G#m **E**
As I fall, a thousand miles an hour Downward,
F# **B/D#**
not a chokehold. I guess it's true, words have power
G#m **E**
I guess what I said left a taste so sour **B/D#**
F#
In your mouth you wanted me to see what life's like withoutcha
G#m **E**
So I lay awake, watchin' DVDs
F# **B/D#**
Season 1, season 2, even season 3
G#m **E**
I'm sorry that I couldn't be inside your fantasy
F#
But if this ain't what you wanted you should leave
