

Hello

The Seahorses

Ok, so this version has no lead bit like John Squire plays, but this is how I play this song on my acoustic guitar.

The chords G2 and B* are ones I don't know the names of, but they're accurate. They are:

G2	&	B*
E-3-		E-2-
B-3-		B-3-
G-0-		G-2-
D-0-		D-4-
A-2-		A-2-
E-2-		E-2-

HELLO

I know the wind and the rain and the lightning

And the thunder's filled my brain

Have I changed? I'm asking you

All I know is the sun and it's shining

Way above my cloud so high it can't be found

We all look around

For the times we left behind

Oh well never mind, I'll take you there tomorrow

And I'm sorry if I seem to always vent my spleen

It's not the path I choose to follow...

So hello

And I hope you're still my friend

I think I'm on the mend

F Em C

And you know I don't mean to offend
