

**An Epiphany**  
**The Send**

This is my first tab. It sounds right, but I could be totally wrong. Please feel free to me with suggestions so that this could be built into a whole song. Thanks!

Chorus:

**Cm**                    **Bb**            **Ab**  
We ve got the motions down

**Cm**                    **Bb**            **Ab**  
And we all have the moon and the raining clouds

**Cm**            **Bb**        **Ab**  
We need to realize that only love

**Fm**            **Ab** **Bb** **Cm**  
Will show us what we all are living for

[this same sequence continues on into the bridge]  
Cm Bb Ab Bb {play by ear for placement}

Bridge:

I ve seen the face of God inside the setting sun  
I ve awoke in the dark to believe the things I ve seen  
It s all there

Amazing song.
