

The Way It Is
The Sheepdogs

Pretty simple song, just G power chord then A power chord for the verse.

G A

Everything is the way it is
It s got to be the way it is
Everything is the way it is
It s got to be the way it is

Then just add C and D power chords

G A

Everything is the way it is

C D

It s got to be like you say it is

G A

I need a heartache, but it won t be long

C D

Till I get to where it s coming on

G A

A little fame and I know it s true

C D

You can feel it and it s coming for you

G A

No matter how hard I ve tried to stay

C D

I feel you pulling me further away

Then just A, to G, to D for the chorus

A G D

Hey hey hey

A G D

Oo oo oo

A G D

Hey hey hey

A G D

Oo oo oo

G A

Everything is the way it is
It s got to be the way it is
Everything s the way it is
It s got to be the way it is

G A

Staying young is a trivial game

C D

You re gettin older but you stay the same

G A

You look good when you shaking my way

C D

But let me think of something awful to say

A G D

Hey hey hey

A G D

Oo oo oo

A G D

Hey hey hey

A G D

Oo oo oo

(I find this part works well, although not in the recording, if you play the chords then palm mute eighth notes of the second chord)

G A A(palm muted)

Everything is the way it is
It s got to be the way it is
Everything is the way it is
It s got to be the way it is

G A A(palm muted)

I step back take a total view

C D D(palm muted)

I take a little, but it s hard to do

G A A(palm muted)

But I ll call, I ll try to change

C D D(palm muted)

It s better than to stay the same

A G D

Hey hey hey

A G D

Oo oo oo

A G D

Hey hey hey

A G D

Oo oo oo

A G D

Hey hey hey

A G D

Oo oo oo

A G D

Hey hey hey

A G D

Oo oo oo

G A

Everything s the way it is
It s got to be the way it is

Everything s the way it is
It s got to be the way it is
