It's Only Life
The Shins
Intro: G D C
    ( G Bm C D )
Died in the woods youve been cornered by a natural desire
You wanna hop along the with the giddy throng through life
But how you did learn to steer when theyre grinding all you gears
                         Εm
                                      Bm
Youve been talking for hours you say time will wash every tower to the sea
                     \mathbf{Bm}
                           C
And now you got this worry in your heart
When I guess its only life its only natural
We all spent a little while going down the rabbit hole
The things they taught you lining up to haunt you
They got your back against the wall
I called on you on the telephone wont you pick up the receiver
Ive been down the very road youre walking now
                    Bm
It doesnt have to be so dark and lonesome
                                            Bm
Takes a while till we can figure this thing out and turn it back around
(G Em Bm D)
                    Em
                            \mathbf{Bm}
You use to be such a lion before you got into all this crying on my lab
                        Bm
Back when you thought I never get this far
But did you think really I showed an opened door
But futures calling and I m answer
The wheels in motion but I never drink your portion
And I know it breaks your heart
