G#m B E B F#  
Gold teeth and a curse for this town were all in my mouth  
B E G#m F#  
Only, i don t know how they got out, dear  
G#m B E B F#  
Turn me back into the pet that i was when we met  
B E G#m F#  
I was happier then with no mind-set  
F# B  
And if you d a took to me like  
E B F#  
A gull takes to the wind  
F# B  
Well, i d a jumped from my tree  
E B E B  
And i d a danced like the king of the eyesores  
E B F#  
And the rest of our lives would a fared well

G#m B E B F#  
New slang when you notice the stripes, the dirt in your fries  
B E G#m F#  
Hope it s right when you die, old and bony  
G#m B E  
Dawn breaks like a bull through the hall  
B F#  
Never should have called  
B E G#m F#  
But my head s to the wall and i m lonely

F# B  
And if you d a took to me like  
E B F#  
A gull takes to the wind  
F# B  
Well, i d a jumped from my tree  
E B E B  
And i d a danced like the king of the eyesores  
E B F#  
And the rest of our lives would a fared well

**G#m**                    **B**                    **E**                    **B**                    **F#**  
God speed all the bakers at dawn may they all cut their thumbs  
**B**                    **E**                    **G#m**                    **F#**  
And bleed into their buns till they melt away  
**F#**                    **B**                    **E**                    **B**                    **F#**  
I m looking in on the good life i might be doomed never to find  
**F#**                    **B**                    **E**                    **B**                    **F#**  
Without a trust or flaming fields am i too dumb to refine?  
**F#**                    **B**  
And if you d a took to me like  
**E**                    **B**                    **E**                    **B**  
Well i d a danced like the queen of the eyesores  
**E**                    **B**                    **F#**  
And the rest of our lives would a fared well
