Song: Kisses

Album: Charades (2004)

Tabbed by: Rigoletto [ lol.i.am.satan -at- gmail -dot- com ]

The first two verses are only three lines each,  
so they don't have the C.

**G**

Give me your kisses, baby

**Bm**

I am just a rock kid

**Am**

I don't really know lonely.

Give me your kisses, baby

I am just a man

I don't really give a good goddamn

**G**

Give me your kisses, baby

**Bm**

I am an altar to your grave

**Am**

Make me a summer in my mouth

**C**

I've got to get away

Baby, I can close my eyes

I am no longer in Brooklyn

We are floating down the river Seine

We're on the beaches of Ibiza baby

Give me your kisses, baby

I can't afford to be afraid

I will jump for joy

Everyday

Make me a summer baby

Make me a summer baby

Make me a summer in my mouth

I've got to get away
