Hold On - The Shore

This is my favorite song from thier self-titled debut. I m very surprised this band doesn t have more recognition. This is the first tab by the Shore on this website and I couldn t even find any lyrics for the band. I transcribed these lyrics myself. This is a very nice ballad and should appeal to fans of the Verve, Oasis, Coldplay, etc. Listen to the song for the timing (if you can find it that is, I had to buy it).
