Waiting For The Sun The Shore

The Shore - Waiting for the sun

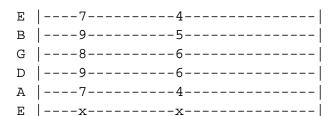

This is my first tab i think its right, sounds spot on when you play it with the record.

The start has a little riff which is:

\mathbf{E}	
В	
G	-911-64-9
D	
Α	
E	

The chords for the intro/ verse are:

E* C#m

VERSE

Summer s changing baby,

C#m E

All the light is changing too,

C#m

Can't you see?

E* C#m E*

Feels like all the colours of emotion shine on through,

C#m

Even if we try,

PRE-CHORUS

	F#m
E	
В	
G	

F#m B

Ooh, it gets me high drifting through the light,

F#n

Endless miles I'll drive,

В

Trying to make it right.

CHORUS

A E B

I keep on holding on, waiting for the sun,

A E B

I keep on holding on, waiting for the light,

A E E

I keep on holding on, waiting for the sun,

A E B

I keep on holding on, yeah, yeah, yeah,

E*

ooh, ooh.

Then just repeat, you should get the hang of it, its only got 3 chordal parts.

Cheers, Rhys.
